31. With reference to the first members query at para 14, it is submitted that the expenditure mentioned in para 14 of the draft order refers only to that on hospitals & dispensaries as explained by the Senior Surgeon in his do. letter of the 3rd Nov 25 and not to the whole Dept. It has not been possible to reconcile the figures furnished by the Senior Surgeon with those given by the Comptroller. The words "on hospitals & dispensaries" may be substituted for "in the Dept." in the draft. This will be in accordance with the report received from the Senior Surgeon

D.O. No. L 3151 GENERAL AND REVENUE SECRETARIAT

Dated, Bangalore 31/10/23

Dear Sir,

In the reports on the working of Hospitals and Dispensaries for the Calender year 1922 received with your letter No.Pl.32-7-89 dated 24th/30th July 1923, the total expenditure of the Department is stated to amount to -- Rs.10,09,050/- for the calender year 1922 as against -- Rs.10,09,537 in the preceding year. I am directed to request you to kindly state whether those figures are correct and show the actual expenditure as made up in the final accounts and if they differ, what the actual expenditure is. A very early reply is requested.

Yours sincerely,

31.10.23

To

B. Mahomed Usmon, Esq., L.M.S.,
Senior Surgeon in Mysore,
Bangalore.

D.O. No. L 3152 GENERAL AND REVENUE SECRETARIAT 20

Med M-23-2 Dated, Bangalore 31/10/23

Dear Sir,

The Senior Surgeon in his report on the working of Hospitals and Dispensaries in the Mysore State for the Calender year 1922 has stated that the total expenditure under the head for the ~~Fasli~~ Calender year 1922 was Rs.10,09,050/- as against Rs.10,09,837/- in the preceding year as particularised below:

	1921.	1922.
Salaries	Rs. 605965	Rs. 594783
Medicines	" 147027	" 144760
Diet	" 126581	" 122203
Miscellaneous Charges	" 110506	" 99808
Building & Repairs	" 7208	" 30056
Investment	" 12250	" 17440

I am directed to request you to be so good as to state whether those figures are correct and whether they agree -- with the actual expenditure as made up in the final account If there is a difference, the actual expenditure may kindly be indicated

A A very early reply is requested.

Yours sincerely,

To T. Satyaraj Chetty, Esq., B.A.
Comptroller to Government

Office of the Senior Surgeon, Mysore Gt

Dated Bangalore, 2nd November 1923.

No. Pl. 32-7-Sg

Dear Sir,

In reply to your D.O. letter No.L.3151-Med. 24-23-2, dated 31st October 1923, I write to inform you that the total expenditure ~~of the Department~~, viz, Rs.10,09,050 for the Calendar year 1922, as stated in the Annual Report for that year, is the actual cost as reported to have been incurred in the several medical institutions shown in Statement H attached to the said Report, but does not include the cost incurred on the Lunatic Asylum which is shown separately in the special section relating to that institution and which was Rs.60,849-13-7, nor that of the Senior Surgeon's Office, which was Rs.3390-0-10. These latter items go to make up the total expenditure of "the Department"

A reference to page 5 of the Annual Report submitted to Government will show that the total Income as well as the total Expenditure detailed therein relates to "Hospitals and Dispensaries" as stated in the first line, and not to the "Department"

FROM

B. Mahomed Usmon Esq., L.M.& S.,
The Senior Surgeon with the Government of
His Highness the Maharaja of Mysore,
Bangalore.

30 JUL 1923

The Secretary to the Government of H. H.
the Maharaja of Mysore, Revenue Department, Bangalore

SIR,

I have the honor to forward herewith. in triplicate, the annual Report on the working of the Medical Institutions in the State for the year 1922, together with the dispensary statistics in print and the Statements relating to the Lunatic Asylum in manuscript, A copy of the latter has also been this day sent to the Press for being put in type.

I have the honor to be,

Sir,

Your most obedient servant,

Ag. Senior Surgeon.

Report on the working of Hospitals and Dispensaries in the State for the year 1922.

STATEMENT A.

There were 196 institutions working at the close of the year 1921. During the year, under report, two new dispensaries were opened, viz., one at Bedagulli, Channarayapatna Taluk, and the other at Arakere, Seringapatam Taluk, in the Mysore District. The Malnad Improvement Fund Dispensary at Attigundi in the Kadur District and the Female Dispensaries at Thirthahalli and Kalasa in Shimoga District, also maintained from the Malnad Improvement Funds, were closed during the year as a temporary measure, on account of want of qualified hands. Thus there were 195 institutions open on the last day of the year.

STATEMENT B.

The total number of patients treated in the State Public (class I), Local and Municipal (class III) and Private aided (class IV) institutions was 1,376,373 against 1,426,946 in the previous year, showing a decrease of 49,573 or 3.52 per cent.

The number of in-patients treated in the institutions of class I, class III and Class IV respectively was 1771, 1[illegible] and 4208 making a total of 21,110 against 16331, 1[illegible] and 3371 or a total of 20,806 in 1921.

Of the 21110 in-patients treated, 12,462 were cured, 1787 relieved, 2,615 discharged otherwise, and 1209 died, the percentage of deaths to total admissions [illegible], against 5.91 in the previous year.

The daily average of in-door patients was 372.1[illegible] 311.72 women and 109.33 children or a total of 7[illegible] against 375.78 men, 287.33 women and 99.97 children or a total of 773.58 during the year 1921. The tot

The total number of out-patients treated during the year under report was 1855263 of whom 416002 were treated in the State Public Institutions, 1363509 in the Local Fund and Municipal Dispensaries and 75752 in Aided Institutions under private management, the corresponding figures for the previous year being 1904140, 427402, 1402539 and 74199.

The daily average of out-patients was 4717.49 men, 2420.03 women and 3740.69 children or a total of 10478.14 against 4523.92 men 2421.67 women and 3592.25 children or a total of 10537.84 in the year 1921.

STATEMENT C-I

The subjoined table shows the number of in-patients treated for the most common diseases and of the deaths among them as compared with the corresponding figures for the previous year.

Diseases.	1922.		1921.	
	Total Treated.	Deaths	Total Treated.	Deaths.
Dysentery	451	53	324	39
Malaria	2055	34	2086	88
Plague	211	105	257	117
Pneumonia	577	114	752	140
Rheumatic fever & Rheumatism	360	6	354	3
Syphilis	418	12	545	9
All other infective diseases.	663	67	432	31
Anaemia	558	31	462	36
All other General diseases	716	38	666	33
Diseases of the nervous system	544	46	469	51
Do. of the eye.	2528		2374	53
Do. respiratory system, except pneumonia and tubercle of the lungs.	665	23	769	27
Diarrhoea	233	32	288	35
All other diseases of the digestive system.	977	61	892	34
Do. of urinary system.	405	25	379	27
Other diseases of the generative system	1189	20	1291	[illegible]
Diseases of connective tissue.	604	24	549	
Ulcer	358	19	778	[illegible]

Injuries.	908	61	1006	59
Labour (normal and abnormal)	2870	58	2695	82

STATEMENT C-II.

The largest number of out-patients treated viz., 317918 came, as usual, under "Malaria". Arranged in the order of greatest prevalence, the other diseases were, all other diseases of the digestive system 225962, diseases of the eye 182610, all diseases of the respiratory system except pneumonia and tubercle of the lungs 172336, other diseases of the skin 154699, ulcer 102112, injuries 98043, phyrexia of uncertain origin 71460, diseases of the ear 68506, dyspepsia 63501, rheumatic fever and rheumatism 48461, diseases of the nervous system 38930, diseases of the connective tissue 35067, dysentery 32528, and all other general diseases 27673.

STATEMENT D-I and II.

The total number of in-door patients treated in the Jail Hospitals and in the Institutions maintained by the Public Works and Military Departments during the year was 1320 with 23 deaths against 961 and 22 respectively in the previous year.

The total number of out-door patients treated in the Jail Hospitals and in the Institutions maintained by the Public Works and Military Departments was 75905 against 80368 in 1921. The Railway Dispensaries afford Medical relief to 29137 patients against 26766 in the year previous.

The number of operations performed in all these institutions was 1542 all on out-door patients, 366 out of ~~these~~ them having been performed in the Railway Dispensaries, the corresponding figures for the previous year being 1553 and 267.

STATEMENT E.

The total number of patients treated(in-door and out-door) and the number of operations performed in the Private Non-aided Medical Institutions in the State during the year were, respectively, 47475 and 3209 against 41224 and 2255 in the year 1921.

STATEMENT F.

Of the 1876373 patients treated, 15283 were Europeans and Eurasians, 1387382 Hindus, 325839 Mahamedans and 87364 belonged to other classes as compared with 13602 Europeans and Eurasians, 1445670 Hindus, 39987 Mahamedans and 65817 others in the previous year. Grouped under sexes, 821566 were men, 401148 women and 653659 children against 840445 men, 403993 women and 680508 children in the previous year.

STATEMENT G.

The total number of patients on whom surgical operations were performed in the State Public and Municipal and Local Fund and Private Aided Medical Institutions was 36985 against 33841 in the previous year and the number of operations performed was 37201 as against 34279 in the previous year.

Including the 116 cases that remained at the close of the previous year, the number of surgical cases that were under treatment during the year was 37101. Of these 35446 were cured, 1405 were relieved, 86 were discharged otherwise and 139 died, leaving 25 under treatment at the close of the year. Of the 36985 operations performed during the year 11751 were done in the Bangalore District, 6744 in the Mysore District, 5487 in the Kolar District (including Kolar Gold Fields), 3654 in the Shimoga District, 2628 in the Tumkur District, 2312 in the Kadur District, 2487 in the Hassan District and 1922 in the Chitaldrug District.

STATEMENT H.

The total income of Hospitals and Dispensaries from all sources was Rs.10,09,050 against Rs.10,09,373 in 1921. Of this,the grant from State Funds was Rs.7,97,801; the District and Municipal Funds contributed Rs.1,38,400 and miscellaneous receipts amounted to Rs.72,441, the last item consisting chiefly of the fees collected from patients liable to pay for treatment in the Institutions in the - cities of Bangalore and Mysore.

The total expenditure was 10,09,050 as particularised below:-

	1921	1922.
Salaries	Rs. 3,05,965	Rs.3,04,783
Medicines	Rs. 1,47,027	Rs.1,41,760
Diet	Rs. 1,23,881	Rs.1,25,208
Miscellaneous charges	1,19,506	Rs. 99808
Building & Repairs	Rs. 7208	Rs. 30056
Investment	Rs. 12250	Rs. 17440
		10,09,050

MIDWIVES.

The number of Midwives working in the State during the year under report was 106, the same as in the previous year and the number of cases they attended was 11,211 against 10243 in the previous year, giving an average of 72 cases per Midwife per annum against 65 cases in the year 1921.

Of the 11211 cases attended, 9254 were natural, 719 tedious, 211 laborious, 164 complex, and 413 abortions, ~~the tedious~~ against 7960 natural, 1021 tedious, 196 laborious, 687 complex and 375 abortions in 1921. The number of twins was 50 against 58 in the previous year. Of the 11096 children born, 10204 were born alive, 319 were premature and 777 still-born against 9064, 332, 932 out of a total of 10329 in the previous year.

Arranged according to classes, there were born 10 Europeans, 37 Eurasians, 2625 Mahamedans, 8279 Hindus and 345 others against two Europeans, 13 Eurasians, 2751 Mahamedans, 7351 Hindus and 315 others in 1921. Arranged

Arranged according to sexes, there were 5893 male and 5235 female children, the sex in 168 cases being undetermined - owing to early abortion.

There were 85 twins. The subjoined table shows the work done by Midwives in each District.-

Statement showing the number of Midwives working in the State and the number of labour cases conducted during the year 1922.

Out of 139 operations 130 or 93 per cent. were successful. Dr. Miss J. Jhirad, M.D., B.S., (London) was in charge of the Institution.

VANI VILAS HOSPITAL, MYSORE.

Eight hundred and eighty two in-door and 10,886 out-door patients received treatment in this institution during the year against 797 and 13420 respectively in 1921. Of the in-patients treated 652 were labour cases against 694 in 1921. The daily average of in and out-door patients respectively was 27.11 and 87.76 against 30.47 and 113.47 in 1921. There were 20 deaths among the in-patients giving a percentage of 2.27 to the total number of admissions against 31 and 3.17 in the previous year.

The following statement shows the important operations performed by Mrs. M. J. Whale, M.B.B.S.,(Durham) during the year under review:-

Name of Operation	By Dr.Mrs. MJ. Whale.	Cured.	Died.
Incision and drainage of Mammary abscess	7	7	-
Removal of Haemorrhoid	1	1	-
Curetting of uterus for Dysmenorrhoea, Endometritis, Menorrhagia, stenosisos and Sterility.	9	9	-
Podalic version.	6	6	-
Application of forceps	34	31	3
Evisceration.	3	3	-
Evacuation of uterus	24	24	-
Lacerated cervix sutured.	1	1	-
T o t a l ...	85	82	3

Out of the 85 operations 82 or about 96 per cent. were successful.

There were 9 pupil Midwives under training at the beginning of the year and 12 new pupils were admitted during the year, making a total of 21. Of these, 7 passed out, 2 were dismissed, 1 was transferred and 11 remained under training at the end of the year.

Mrs. Mary J. Whale, M.B.,B.S., (Durham) remained in charge of the institution throughout the year.

MATERNITY HOSPITAL, ROBERTSONPET, Kolar Gold Fields.

Eight hundred and fortyone in-patients and 14841 out-patients received treatment during the year against 782 and 17509, respectively during 1921. The number of deaths was 9 giving a percentage of 1.07 of the total admissions against 17 and 2.17 per cent in 1921. The daily average of in-door and out-door patients was 16.46 and 79.05 against 18.20 and 102.35 respectively in the year previous.

There were 11 pupil Midwives under training at the beginning of the year and 6 fresh pupils were admitted during the year, making a total of 17. Of these 8 passed out, 1 left, 1 absconded and 7 remained under training at the close of the year.

The

The number of patients on whom surgical operations were performed during the year was 132. The more important operations performed in the hospital, are shown in the following statement.:-

Name of Operation.	By Mrs. B. Peritton.	Dr.Miss Albuquerque.	Dr. Miss Murphey.	Dr.C.Raja-Gopal.	Cured.	Died.
Ovariotomy .	-	1	-	-	1	-
Curetting of uterus for sterility....	8	1	-	-	9	-
Evacuation of uterus for incomplete abortion.	4	-	-	-	4	-
Podalic version.	1	-	-	-	1	-
Application of forceps	17	2	3	1	22	1
Total.....	30	4	3	1	37	1.

Out of 38 operations 37 or 98 per cent. were successful. Mrs. B. Perrition M.D.,(Berm.), Assistant Surgeon, was in charge of theinstitution throughout the year.

EPIDEMIC DISEASES HOSPITAL, BANGALORE.

The number of patients admitted into this hospital - during the year was 654 of whom 389 were cured, 8 relieved, 23 discharged otherwise and 191 died giving a per-centage of 29.20 deaths to total admissions. The corresponding - figures for the previous year were 255 admitted, 131 cured, 19 discharged otherwise and 105 died giving a percentage of 41.18 of deaths to total admissions. The institution was in charge of Mr. C. Narayana Rao, L.M. & S., throughout the year.

The following statement gives the diseases for which the patients were admitted and the deaths among them:-

Name of Disease.	Number treated.	Deaths.
Plague	136	95
Pneumonia	40	9
Fevers of uncertain origin	6	4
[illegible]	47	8

Other diseases	...	399	77
T o t a l	...	654	191

EPIDEMIC DISEASES HOSPITAL, MYSORE.

The total number of patients admitted during the year was 477 against 648 ~~xxx~~ in 1921. Of these 229 were cured, 48 relieved, 84 discharged otherwise and 95 died the percentage of deaths to total admission being 19.70. The diseases for which cases were admitted and the deaths among them are shown below:-

Name of Disease.	No. admitted.	Deaths.
Plague	16	9
Pneumonia	42	12
Pyrexia of uncertain origin	3	3
Small pox	4	2
Influenza	24	-
Other diseases	388	69
T o t a l....	477	95.

EPIDEMIC DISEASES HOSPITAL, K.G.F.

This institution is under the management of the Sanitary Board, Kolar Gold Fields, and it afforded medical aid in 192 cases, of which 169 were cured and 15 died giving a percentage of 7.81 of deaths.

THE LEPER ASYLUM, BANGALORE.

There were 29 inmates (16 males and 13 females) at the beginning of the year under report and 61 (52 males, 7 females and 2 boys) were admitted during the year, thus making a total of 90 (68 males, 20 females and 2 boys) against 95 (77 Males and 18 females) during the previous year.

Of the above 63 were discharged otherwise and 2 died leaving 25(13 males, 11 females and 1 boy) at the close of the year.

The daily average strength of the Asylum during the year was 25.43 against 25.08 in the previous year.

The percentage of total mortality to the number admitted was 2.39 against 11.08 in 1921.

Intravenous injections of Sodium Hydro carbate solution were tried in 25 selected cases and no encouraging results were obtained,(E.C.C.O.) Ethyl Esters of Hydrocarpus Wightiana oil with creasale and camphor, Dr. Muirs' latest treatment for Leprosy, is now being administered. In only one case an anaesthetic patch of the size of four anna bit reduced itself to the size of a pea, Further progress in this treatment is being watched.

The total cost of up-keep of the Asylum during the year under report amounted to Rs.7559-4-5. against 8067-7-0 in the previous year.

The subjoined table shows the details of expenditure during the year and of the previous year.-

		1922. Rs.	1921. Rs.
Establishment	...	1949-14- 1	2420- 2- 5
Dieting charges	...	3881-14- 0	4241-10- 5
Contingencies	...	1727- 8- 4	1405-10- 2
Total.	...	7559- 4- 5	8067- 7- 0

Lepers of the Civil and Military Station, Bangalore.

At the beginning of the year, there were 8(4 males 3 females and 1 boy) and 37 (36 males and 1 female) were admitted during the year, thus making a total of 45 (40 males 4 females and 1 boy) Of the above 45 lepers, 35 were discharged during the year leaving 10 at its close.

The cost of maintenance claimed from the Civil and Military station authorities during the year was 2924-0-0, against 1786-9-7 in the previous year.

The average cost per head per diem was 0-11-2 against 0-12-2 in the preceding year.

MEDICAL STORES.

MEDICAL STORES, BANGALORE.

Mr. G.S. David, Surgeon, was in charge of the Medical Stores, throughout the year.

Two hundred and six annual indents and 1102 extra indents were supplied during the year against 170 and 1027 respectively in the previous year. As there was a large stock of Europe Medicines on hand towards the close of the previous year it was considered not necessary to draw up the Foreign Indent in March, as usual. On account of the receipt of a large number of annual an extra indents, the stock ran out earlier than was expected and - forecast was prepared during the second half of the year,. and a comparative statement of the quotations received from Foreign and Indian Firms was submitted to Government who were pleased to order the acceptance of the tender of the Boots Pure Drug Co., Nottingham, in Govt. Order No. L.4357-8 Med.71-22-2 dated 15th December 1922. Pending the receipt of supplies from England, purchases had to be made from firms in India to meet the demands of institutions and such purchases were subsequently reported to Government and were accorded special sanction. Country medicines were as usual, purchased from the local contractors appointed by - Government.

The bills paid during the year amounted to Rs.1,22,811/- against Rs.2,08,099/- in the previous year. Of the bills paid Rs.1,00,136/- represent the value of Europe Medicines and instruments, Rs.9,158/- that of country medicines and Rs.13,517/- of - stationery and other articles purchased from the grants under - local Fund Dispensaries.

The supplies made on credit to other departments, etc., amounted to Rs.18,136/- against Rs.7,961/- in the previous year and the amount adjusted was Rs.11,188/- against Rs.9,113/-. Steps have been taken for the early adjustment of the outstanding bill

The interest evinced by the Superintendent in closely watching the drug market and taking timely action for replacing drugs which went up in value by equally efficacious but cheaper

cheaper ones, and otherwise securing to Government a reduction in the cost of Europe Medicines to the extent of nearly ----- Rs, 30,000/- as detailed in my letter No. 1639 - 6 dated 21st May 1923 in another connection deserves special mention here.

The usual audit of the cash and accounts by the Senior - Auditor of the Comptroller's office was done during April and May 1922 and the statement of objections duly returned with replies, suggestions regarding the rectification of defects being adopted as far as possible.The Stores and the office were inspected by the Senior Surgeon in December.

INSPECTIONS.

With the esception of the dispensaries at Shikarpur,Channagiri and Megarvalli in the Shimoga District, Chickballapur in the Kolar District, Tiptur, Pavagada and Huliyurdrug in the Tumkur - District, T. Narasipur, Melkote and Krishnarajsagara in the Mysor District, and Sringeri and Attigundi in the Kadur District, all the other medical institutions were inspected by the District - Medical Officers concerned. The Senior Surgeon himself inspected 111 Hospitals and Dispensaries.

G E N E R A L.

The facilities to pupil compounders were increased by making the training available in all District Head Quarter Hospitals and at Robertsonpet by Government Order No.L.4705-6 Med.94-21-2 dated 17th February 1922.

To enhance the usefulness of the Female Dispensaries in the District Head Quarters and important mofussil towns proposals - were submitted to and sanctioned by Government in G.O.No.L.6652-61 Med.120-21-3 dated 12th May 1922, for locating these institutions in the same buildings in which the District Head Quarter Hospitals or the Local Fund Dispensaries for men are located.

In G.O.No. L.7301-3 Med.129-21-2 dated 13th June 1922 certain measures of retrenchment of expenditure in the department were sanctioned by Government among which may be mentioned the withdrawal of the Sub Assistant Surgeon attached to the Head Quarter Medical Establishment, the abolition of the duty Allowance enjoyed by District Medical Officers for

~~Officers~~ for being in Sanitary Charge of the Districts, the reduction of the number of Pupil Sub Assistant Surgeons' scholarships from 3 to 4 in the case of males and the abolition of sex allowance in the case of future lady Medical Officers entering service.

In Government Order No. 3836-3959-Med.32-22-2 dated 25th November 1922, the different rates of fees for in-patients charged in different hospitals in the Bangalore and Mysore Cities and on the Kolar Gold Fields were done away with and a uniform scale of fees prescribed for all the institutions.

Of the changes in the personel of the Gazetted staff of the Department may be mentioned the termination of the services of Mr. S. N. S. Iyengar as Dentist of the Victoria Hospital, Bangalore, his resignation with effect from the 16th June 1922 being accepted in Government Order No. L.766-7 Med.132-21-2 dated 25th June 1922 and the appointment of Mr. V. V. Monteiro, M.B., B.S., L.D.S., (Eng.) as Dentist, with the pay and prospects of a 1st grade - Assistant Surgeon, as per Government Order No. L.3818-19 Med.56-22-2 dated 22nd November 1922.

Two Medical Graduates were entertained during the year viz., Mr. A. B. Renu, M.B., B.S.,(Bombay) from 1st January 1922, as sanctioned inGovernment Order No.L. 3793-4 Med.36-21-18, dated 29th December ~~1920~~ 1921 and Mr. Mir Mirra Rama Rau, L.M.S., (Madras) from 11th March 1922, his appointment having been sanctioned in Government Order No.L.4685-6 Med. 36-21-24 dated 15th February 1922.

The changes in the cadre of Sub Assistant Surgeons were 16 appointments, of which 13 were by absorbing passed Medical Pupils of the local Medical School and 3 by entertaining fresh applicants with the sanction of Government in existing vacancies, 11 retirements, 3 resign-

resignations and 5 deaths.

Dr. H. B. Mylvaganam, F.R.C.S., (England) remained in charge of the Department throughout the year except in the month of May when he went on a month's privilege leave and I acted as Senior Surgeon from the 6th to the 31st of May 1923.

Bangalore,
24th July 1923.

Ag. Senior Surgeon.

W D 1958—GPB—215—26 6-23.

Annual Report of the Lunatic Asylum, Bangalore, for the calendar year 1922.

This institution was in direct charge of Mr.G.S.David L.M.& S., till 9th August 1922, on which date he was relieved by Mr. F. Noronha, M.B.C.M., D.Psy. Med., who had returned from England after obtaining the diploma in Psychological medicine.

STATEMENT. I.

Deals with the population of the Asylum and with the disposal thereof during the period under report, with corresponding figures for the previous ten years.

The year opened with 168 ~~lunatics~~ inmates under treatment and with 137 admissions (including 3 re-admitted) the total number treated during the year was 305. Of these 111 were discharged (79 cured, 32, otherwise) and 23 died, leaving 171 under treatment at the close of the year. The corresponding figures of the previous year were 176 old cases, 136 admissions (312 total cases) 108 discharged (69 cured, 36 otherwise) 3 escapes and 24 deaths with 168 remaining at the close of the year. The daily average strength was 196.58 ~~against 187.58.~~ against 187.00 in 1921. The percentage of recoveries and deaths to daily average strength was 40.19 and 11.69 against 35.82 and 20.32 in the previous year. Compared with the admissions the recoveries and deaths amounted to 57.66 per cent and 16.79 per cent respectively against 49.26 and 27.94 per cent. in the previous year.

Of the 137 admissions the duration of insanity prior to admission was ascertained in 94 cases; of these 37 were reported to have been insane, for less than three months; 21 between 3 and 6 months, 15 between 6 and 12

and 1[illegible]

Of the 18 criminals that remained at the close of the year, 16 were under trials, 2 convicts.

The Offences with which they were charged are:-

Theft in dwelling house	Section 380	I.P.C.	1
Lurking in house trespass	457 and 380	"	2
Theft	379	"	1
House trespass	457	"	1
Murder	302	"	4
Culpable Homicide not amounting to.			
Murder.	304	"	2
Voluntarily causing hurt ...	324	"	1
Attempt to commit suicide ...	309	"	3
Using Criminal force and	352 &	"	1
intend to ~~assault~~ assault ...	504		
Fraudulent cancellation and	426 &	"	1
distruction of a Will ...	457		
House trespass made after prepara-	506 &	"	1
tion for causing hurt	452		
	Total....		18.

STATEMENT III

shows the sex, residence and religion of those admitted during the year under report.

of the 137 admissions, 99 or 73.26 per cent were males and 38 or 27.74 per cent. were females. Eighty seven belonged to the Mysore State, 25 to the Civil and Military Station, Bangalore, 12 to other British Indians Provinces, 4 to other Indian States. The residence of 9 could not be ascertained. Of the 87 Mysoreans, 49 came from Bangalore District, 14 from Mysore, 11 from Kolar, 1 from Shimoga, 5 from Tumkur, 1 from Chitaldrug, 2 from Hassan, 4 from, Kadur. The Hindus who numbered 105 or 76.64 per cent formed as usual the majority, Christians formed 22 or 16.06 per cent., while Mahomedans numbered 10 or 73 per cent.

STATEMENT IV.

shows the occupation of the patients admitted during the year.

Of the 137 admissions 115 had some occupation or other 16 had not occupation whatever, while in the case of 6 occupation could not be ascertained.

STATEMENT V.

shows the ages of patients admitted during the year.

As usual the largest number 92 or 67.15 per cent. were between [illegible] 40 years of age 12 or 17.51 per cent.

between 40 and 50 years of age, 6 or 4.39 per cent over 60 years of age.

STATEMENT VI

shows the different types of insanity present in the patients admitted.

Five were of different ~~manical~~ maniacal forms of insanity; 14 came under delusional insanity, 12 were ~~under~~ suffering from dementia, 10 were suffering from Melancholia, 10 from insanity of haschisch, 9 from insanity due to other causes, 8 from post febrile insanity, 6 from idiocy, 4 from alcholic insanity 1 from mental stupor, 1 from myxacdima, while 3 yet to be diagnosed and 1 from general paralysis of the insane.

Of the 111 discharges the types of insanity were as follows:-

Maniacal forms	...	52
Melancholia	...	11
Delusional Insanity	...	13
Insanity from other causes		9
Haschisch	...	8
Dementia	...	5
Post febrile	...	4
Alcoholic	...	3
Mental stupor	...	1
Idiocy	...	2
Obsessive	...	1
N.Y.D.	...	2
	Total.	111.

The 23 cases that died came under the following types:-

Idiocy ...	...	2
Maniacal forms	...	8
Melancholia	...	1
Moral Insanity	...	1
Post febrile	...	2
Confusional	...	1
Other causes	...	1
General Paralysis of the insane		2
Dementia ...	...	5
	Total.	23.

Of the 171 that remained at the close of the year, 8 came under Idiocy, 61 under Mania of all forms, 14 under Melancholia of all forms, 1 under Circular insanity, 2 under mental Stupor, 25 under Delusional insanity, 2 under Post febrile insanity, 8 under Haschisch, 6 under other causes, 2 under confusional insanity, 20 under dementia of all forms. 5

Sanitation of the Asylum and the health of the inmates.

The maximum number of lunatics confined may-b on any one night was (140 males and 60females). The capacity of the cells and enclosures remained the same as in the previous year, i.e., 450 c.ft. per head.

The usual colour and whitewashing and Sundry repairs during the year were done by the Public Works Department. The accommodation was enough for the male and female inmates and but it was not of the right sort.

The number of inmates treated during the year for physical diseases was 75 giving a daily average of 5.03 against 7.29 in the previous year.

The principal diseases for which they were treated were:-

Dysentery ..	25	Valvular Diseases of the heart	1
General Debility	8	Other respiratory diseases	10
Rheumatism ..	2	Diarrhoea ...	5
Syphilis(G.P.I.)	2	Malaria ...	3
Relapsing fever	3	Delirium Tremens...	1
Other fevers	2	Epilepsy ...	5
Pneumonia	1	Other diseases	7
		Total. ...	75.

There were 24 deaths during the year of which was among those admitted for observation, and the rest among the regular inmates. Ten were among the new admissions of the year 5 deaths occurred among those aged 50 years and above, 7 between 20 and 40, 8 between 40 and 50 and 3 under 20 years of age.

The causes of deaths during the year were.-

Dysentery ...	9
Epilepsy ...	2
General Debility	4
G.P.I. ...	2
Phyticis ...	2
Valvular disease of the heart. ---	1
Diarrhoea ...	2
Delirium Tremens	1
Total....	23.

Only four post mortem examinations of patients were held during the year, as most of the bodies were handed over to the relatives whose sentiment had to be respected.

Private patients.- At the beginning of the year there were 6 (4 males and 2 females) and 19 (14 males and 5 females) were admitted during the year making a total of 25 (18 males and 7 females). Of these 9 (6 males and 3 females) were discharged leaving 16 (12 males and 4 female at the close of the year. A sum of Rs.3934-7-9 was recovered from their relatives and Rs.2307-8-5 was remitted to the Treasury, deducting the wages etc., paid to the respective private servants, a balance of Rs.102-0-0 was remaining on hand at the close of theyear.

The lunatics of the Civil and Military Station, Bangalore.

At the beginning of the year there were 42(21 males and 21 females), and 35 (22 males and 13 females) were admitted during the year, making a total of 77 (43 males and 34 females); of these 26 (16 males and 10 females) were discharged during the year and 3 (2 males and 1 female) died leaving 48(25 males and 23 females at the close of the year.

The cost of their maintenance came to Rs.12,763-15-6 against Rs.11,552-15-9 of the previous year.

Inspections:- The Official Visitors of the Mysore State and those of the Civil and Military Station, Banglore visited 12 times during the year. The Senior Surgeon visited the institution twice.

Periodical treats and entertainments were given as usual on festive days; Fruits and Sweets were distributed occassionally. Betel leaves, snuff and tobacco were daily distributed among those accustomed to use them and every attempt was made to keep the ~~xxxxxxxxxx~~ inmates happy. A football was purchased out of the donation given by a visitor and played by the juvenile patients every morning.

Kannada and English news papers and pamphlets are distributed every morning to those that are able and willing to read. The Century Club have generously oferrred a gift of three packets of playing cards every month; for the use of the patients.

Changes in the Staff:-

Mr. S. M. Power, II Class Sub Assistant Surgeon, was posted in the place of Mr. V. Govindarajulu Naidu, Matron Mrs. M. Louis who was on temprary transfer to Kolar Gold Fields was relieved by Nurse Florina Prasad of the Epidemic Diseases Hospital, who worked as acting Matron from 21st August 1922 to 25th December 1922. The work turned out by the staff was quite satisfactory.

General Remarks.

The treatment of insanity has under gone a revolution during the last quarter of a century and every institution for the insane is now conducted on the lines of a first rate modern Hospital and what were known as "Lunatic Asylum" in days gone by are now rightly designated "Mental Hospital" unless this institution is brought up to date in construction, equipment, and personnel, the benefit to the community under the existing conditions may be said to be infinitesimal.

Banglore.
Date. 24th July 1923.

Ag. Senior Surgeon.

The report on the working of Hospitals and Dispensaries in the State for the calendar year 1922 received from the Senior Surgeon in Mysore with his letter No. Pl. 32-7-89 dated the 24/30th July 1923.

ORDER No. L 5016-17
4|1|24

Bangalore. ~~October 1923~~.

R e c o r d e d.

2. There was a delay of three months in the submission of the report. Such delays should be avoided in future.

3. Dr. H. B. Mylvaganam. F.R.C.S (Eng was in charge of the Department throughout the year except in the month of May when - he went on a month's privilege leave and - Mr. B. Mahomed Usmon, L.M & S., acted as - the Senior Surgeon from the 6th to the 31s May 1922.

4. The total number of medical institutions working at the close of the year - was 195 as against 196 in the previous yea Two new L.F. Dispensaries were opened at -- Bedaguli and Arakere in the Mysore District The Malnad Improvement Dispensary at Attigundi in the Chikmagalur Taluk and the - Female Dispensaries at Tirthahalli and -

Kallurkatte in the Shimoga District, also maintained from the Malnad Improvement Fund, were closed, temporarily.

5. The total number of patients --- treated in the State-Public. Local Fund. Municipal and Private Aided Institutions was 1,876,373 against 1,924,946 in the - previous year. of whom 21.110 were in- - patients. These figures show a decrease of 48,573 in the case of out-patients and an increase of 394 under in-patients. Of the in-patients treated 12,462 were cured, 4,383 relieved, 2,615 discharged otherwise and 1,209 died. The percentage of deaths to total admissions was 5.68 - - against 5.91 in the previous year. The number of out-patients treated during -- the year was 1,855,263 against 1,904,140 in 1921. The largest number of out-patients treated was under "Malaria" viz., 317,918, the next largest number being 225,962 under all other diseases of the digestive system.

The number of patients on whom - - - surgical operations were performed was 36,985 against 33,841 in 1921. The number of important surgical operations performed in the Victoria Hospital, Bangalore, and the Krishnarajendra Hospital, - Mysore, was 297 and 430 as against 204 -- 310 respectively in the previous year. In the Minto Ophthalmic Hospital, Bangalore, the number of operations performed was -- 1,177 as against 1,258 in the previous - year

The number of cases treated in the Dental Department of the Victoria Hospital was 1,794 against 2,029 in 1921. The department was placed in charge of a whole time officer from 23rd November 1922.

6. The number of midwives that were working during the year was 156, the same as in the previous year, and the average number of cases attended by each midwife was 72 against 65 during last year.

7. Maternities.- The total number of out-door patients treated in the Maternity Hospitals at Bangalore, Mysore and Robertsonpet was 12,831, 10,886 and 14,841, the number of in-patients being 1,207, 882 and 841, respectively. The total number of midwifery pupils undergoing training was 72, of whom 34 passed out during the year.

8. Minto Ophthalmic Hospital, Bangalore.- The number of in-patients and out patients treated was 2,109 and 16,629, as against 1,880 and 18,463 respectively in 1921.

9. Leper Asylum.- The number of patients treated in the institution was 90 against 95 in the previous year. Of these 63 were discharged otherwise, 2 died and 25 remained in the Asylum at the close of the year.

Intravenous injections of Sodium - Hydro cardate solution having been found to be inefficacious, Ethyl Esters of Hydrocorpus Wightiana Oil with creasale -- and camphor, Dr. Muirs' latest treatment for Leprosy, is now being administered - and the results are being watched.

10. Lunatic Asylum.- The number - of lunatics treated in the Asylum during the year was 305 as against 312 in 1921. Of these. 79 were cured. 32 discharged - otherwise and 23 died. leaving 171 under treatment at the close of the year. Of the 305 treated. 77 were from the Civil and Military Station. Bangalore. The - expenditure of the Asylum was Rs. 60,849 as against Rs. 60,756 in 1921.

11. Medical Stores.- The total -- sum spent on the purchases made by the - Stores was Rs. 1,22,811 against Rs. 2,08,099, in 1921. The supplies made to other -- departments amounted to Rs. 18,136 against Rs. 7,961 in 1921, of which a sum of - - Rs. 11,188 was adjusted during the year. Steps should be taken to adjust the balance very early.

12. Epidemic Diseases Hospitals.- The total number of patients admitted - into the Epidemic Diseases Hospitals at Bangalore, Mysore and the Kolar Gold - - Fields was 1,323. Of these, 787 were cured, 167 discharged and 301 died.

13. Unani Davakhanas and Vaidyasalas

The total number of patients treated in the several Ayurvedic and Unani Medical Institutions in the State during the year was 484,718 against 427,938 in the previous year

14. Expenditure.- The total expenditure in the department during the year amounted to Rs. 10,09,050 as against Rs. 10,09,537 in 1921.

~~15.~~ 14. General.- All the medical institutions with the exception of 12 were inspected by the District Medical Officer concerned. The Senior Surgeon himself inspected 111 Hospitals and Dispensaries. Steps should be taken to have all the institutions inspected at least once a year The administration of the Department during the year was satisfactory.

REPORT ON THE WORKING OF HOSPITALS AND DISPENSARIES IN THE STATE FOR THE YEAR 1922.

STATEMENT A.

There were 196 institutions working at the close of the year 1921. During the year, under report, two new dispensaries were opened, *viz.*, one at Bedagully, Chamrajnagar Taluk, and the other at Arakere, Seringapatam Taluk, in the Mysore District. The Malnad Improvement Fund Dispensaries at Attigundi in the Kadur District and the Female Dispensaries at Thirthahalli and Kallurkatte in Shimoga District, also maintained from the Malnad Improvement Funds, were closed during the year as a temporary measure, on account of want of qualified hands. Thus there were 195 institutions open on the last day of the year.

STATEMENT B.

The total number of patients treated in the State Public (Class I), Local and Municipal (Class III) and Private aided (Class IV) institutions was 18,76,373 against 19,24,946 in the previous year, showing a decrease of 48,573 or 2·52 per cent.

The number of in-patients treated in institutions of Class I, Class III and Class IV respectively was 15,348, 1,554 and 4,208 making a total of 21,110 against 15,391, 1,584 and 3,831 or a total of 20,806 in 1921.

Of the 21,110 in-patients treated, 12,462 were cured, 4,383 relieved, 2,615 discharged otherwise, and 1,209 died, the percentage of deaths to total admissions being 5·68 against 5·91 in the previous year.

The daily average of in-door patients was 372·18 men, 311·72 women and 105·56 children or a total of 789·46 against 375·78 men, 307·83 women and 89·97 children or a total of 773·58 during the year 1921. The total number of out-patients treated during the year under report was 18,55,263 of whom 4,16,002 were treated in the State Public Institutions, 13,63,509 in the Local Fund Municipal Dispensaries and 75,752 in Aided Institutions under private management, the corresponding figures for the previous year being 19,04,140, 4,27,402, 14,02,539 and 74,199.

The daily average of out-patients was 4,317·42 men, 2,420·03 women and 3,740·69 children or a total of 10,478·14 against 4,523·92 men 2,421·67 women and 3,592·25 children or a total of 10,537·84 in the year 1921.

STATEMENT C—I.

The subjoined table shows the number of in-patients treated for the most common diseases and of the deaths among them as compared with the corresponding figures for the previous year :—

Diseases	1922		1921.	
	Total treated	Deaths	Total treated	Deaths
Dysentery	451	53	324	39
Malaria	2,055	34	2,086	88
Plague	211	105	257	117
Pneumonia	577	114	752	140
Rheumatic fever and Rheumatism..	360	6	354	3
Syphilis	418	12	545	9
All other infective diseases	663	67	432	31
Anaemia	558	31	462	36
All other general diseases	716	38	666	33
Diseases of the nervous system	554	46	469	51
Do of the eye	2,528		2,374	53
Do respiratory system, except pneumonia and tubercule of the lungs	665	23	769	27

STATEMENT C—I—*concld.*

Diseases	1922		1921	
	Total	Deaths	Total treated	Deaths
Diarrhœa	233	32	288	35
All other diseases of the digestive system	977	61	892	34
Do of urinary system	405	25	379	23
Other diseases of the generative system	1,159	20	1,291	26
Diseases of connective tissue	684	24	549	4
Ulcer	358	19	778	27
Injuries	908	61	1,006	59
Labour (normal and abnormal)	2,870	58	2,695	82

STATEMENT C—II.

The largest number of out-patients treated, *viz.*, 3,17,918 came, as usual, undel "Malaria." Arranged in the order of greatest prevalence, the other diseases were, all other diseases of the digestive system 2,25,962, diseases of the eye 1,82,610, all diseases of the respiratory system except pneumonia and tubercle of the lungs 1,72,336, other diseases of the skin 1,54,699, ulcer 1,02,112, injuries 98,043, phyrexia of uncertain origin 71,460, diseases of the ear 58,506, dyspepsia 63,501, rheumatic fever and rheumatism 48,461, diseases of the nervous system 38,930, diseases of the connective tissue 35,067, dysentery 32,528, and all other general diseases 27,673.

STATEMENT D—I AND II.

The total number of in-door patients treated in the Jail Hospitals and in the Institutions maintained by the Public Works and Military Departments during the year was 1,320 with 23 deaths against 961 and 22 respectively in the previous year.

The total number of out-door patients treated in the Jail Hospitals and in the Institutions maintained by the Public Works and Military Department was 75,905 against 80,368 in 1921. The Railway Dispensaries afforded medical relief to 29,137 patients against 26,766 in the previous year

The number of operations performed in all these institutions was 1,542 all on out-door patients, 366 out of them having been performed in the Railway Dispensaries, the corresponding figures for the previous year being 1,553 and 267.

STATEMENT E.

The total number of patients treated (in-door and out-door) and the number of operations performed in the Private Non-aided Medical Institutions in the State during the year were, respectively, 47,475 and 3,209 against 41,224 and 2,255 in the year 1921.

STATEMENT F.

Of the 18,76,373 patients treated, 15,288 were Europeans and Eurasians, 13,87,882 Hindus, 3.85,839 Mahomedans and 87,364 belonged to other classes as compared with 13,602 Europeans and Eurasians, 14,45,670 Hindus, 39,987 Mahomedans and 65,817 others in the previous year. Grouped under sexes, 8,21,566 were men, 4,01,148 women and 6,53,659 children against 8,40,445 men, 4,03,693 women and 6,80,508 children in the previous year.

including the 116 cases that remained at the close of the previous year, the number of surgical cases that were under treatment during the year was 37,101. Of these 35,446 were cured, 1,405 were relieved, 86 were discharged otherwise and 139 died, leaving 25 under treatment at the close of the year. Of the 36,985 operations performed during the year 11,751 were done in the Bangalore District, 6,744 in the Mysore District, 5,487 in the Kolar District (including Kolar Gold Fields), 3,654 in the Shimoga District, 2,628 in the Tumkur District, 2,312 in the Kadur District, 2,487 in the Hassan District and 1,922 in the Chitaldrug District.

Statement H.

The total income of Hospitals and dispensaries from all sources was Rs. 10,09,050 against Rs. 10,09,573 in 1921. Of this, the grant from State Funds was Rs. 7,97,801 ; the District and Municipal Funds contributed Rs. 1,85,400 and miscellaneous receipts amounted to Rs. 20,449, the last item consisting chiefly of the fees collected from patients liable to pay for treatment in the Institutions in the cities of Bangalore and Mysore.

Statement G.

The total number of patients on whom surgical operations were performed in the State Public and Municipal and Local Fund and Private Aided Medical Institutions was 36,985 against 33,841 in the previous year and the number of operations performed was 37,201 as against 34,279 in the previous year.

The total expenditure was 10,09,050 as particularised below :—

	1921	1922
	Rs.	Rs.
Salaries	6,05,965	5,94,783
Medicines	1,47,027	1,44,760
Diet ..	1,26,581	1,22,203
Miscellaneous charges	1,10,506	99,808
Building & Repairs	7,208	
Investment ..	12250	17,440

Midwives.

The number of Midwives working in the State during the year under report was 156, the same as in the previous year and the number of cases they attended was 11,211 against 10,243 in the previous year, giving an average of 72 cases per Midwife per annum against 65 cases in the year 1921.

Of the 11,211 cases attended, 9,354 were natural, 769 tedious, 211 laborious, 464 complex, and 413 abortions, against 7,960 natural, 1,025 tedious, 196 laborious, 687 complex and 375 abortions in 1921. The number of deaths was 50 against 58 in the previous year. Of the 11,296 children born, 10,204 were born alive, 315 were premature and 777 still-born against 9,064, 332, 933 out of a total of 10,329 in the previous year.

Arranged according to classes, there were born 10 Europeans, 37 Eurasians, 2,625 Mahamedans, 8,279 Hindus and 345 others against two Europeans, 13 Eurasians, 2,647 Mahamedans, 7,351, Hindus and 316 others in 1921. Arranged according to sexes, there were 5,893 male and 5,235 female children, the sex in 168 cases being undetermined owing to early abortion.

There were 85 twins. The subjoined table shows the work done by Midwives in each District.

Statement showing the number of Midwives working in the State and the number of labour cases conducted during the year 1922.

Total ..	72	67	130	9

Out of 139 operations 130 or 93 per cent, were successful. Dr. Miss. J. Jhirad M.D., B.S., (London) was in charge of the Institution.

Vani Vilas Hospital, Mysore.

Eight hundred and eighty-two in-door and 10,886 out-door patients received treatment in this institution during the year against 797 and 13,420 respectively in 1921. Of the inpatients treated 652 were labour cases against 694 in 1921. The daily average of in and out-door patients respectively was 27·11 and 87·76 against 30·47 and 113·47 in 1921. There were 20 deaths among the in-patients giving a percentage of 2·27 to the total number of admissions against 31 and 3·17 in the previous year.

The following statement shows the important operations performed by Mrs. M. J. Whale, M.B., B.S., (Durham) during the year under review :—

Name of Operation	By Dr, Mrs. M. J. Whale	Cured	Died
Incision and drainage of Mammary abscess	7	7	..
Removal of Haemorrhoid ..	1	1	..
Curetting of uterus for Dysmenorrhæa, Endometritis, Menorrhagia, stenosisos and Sterility.	9	9	..
Podalic version	6	6	..
Application of forceps	34	31	3
Evisceration	3	3	..
Evacuation of uterus	24	24	..
Lacerated cervix sutured	1	1	..
Total ..	85	82	3

Out of the 85 operations 82 or about 96 percent. were successful.

There were 9 pupil Midwives under training at the beginning of the year and 12 new pupils were admitted during the year, making a total of 21. Of these, 7 passed out, 2 were dismissed, 1 was transferred and 11 remained under training at the end of the year.

Mrs. Mary J. Whale, M.B. , B.S. , (Durham) remained in charage of the institution throughout the year.

Maternity Hospital, Robertsonpet, Kolar Gold Fields.

Eight hundred and forty-one in-patients and 14,841 outpatients received treatment during the year against 782 and 17,509, respectively during 1921. The number of deaths was 9 giving a percentage of 1.07 of the tatal admissions against 17 and 2.17 per cent in 1921. The daily average of in-door and out-door patients was 16.46 and 79.05 against 18.20 and 102.35 respectively in the year previous.

There were 11 pupil Midwives under training at the beginning of the year and 6 fresh pupils were admitted during the year, making a total of 17. Of these 8 passed out, 1 left, 1 absconded and 7 remained under training at the close of the year.

The number of patients on whom surgical operations were performed during the year was 182. The more important operations porformed in the hospital, are shown in the following statement :—

Name of Operation	By Mrs. B. Peritton	Dr. Miss. Albuquer-que.	Dr. Miss. Murphey	Dr. C. Raja-gopal	Cured	Died
Ovariotomy	1	1		..	1	
Curetting of uterus for sterility.	8	1		..	9	
Evacuation of uterus for incomplete abortion	4	..		..	4	..
Podalic version	1	..		..	1	..
Application of forceps	17	2	3	1	22	1
Total	30	4	3	1		

Out of 38 operations 37 or 98 per cent were successful. Mr. B. Perrition M. D., (Brus), Assistant Surgeon, was in charge of the Institution throughout the year.

Epidemic diseases hospital, Bangalore.

The number of patients admitted into this hospital during the year was 654 of whom 389 were cured, 8 relieved, 23 discharged otherwise and 191 died giving a percentage of 29·20 deaths to total admissions. The corresponding figures for the previous year were 255 admitted 131 cured, 19 discharged otherwise and 105 died giving a percentage of 41·18 of deaths to total admissions. The institution was in charge of Mr. C. Narayana Rao, L.M. & S., throughout the year.

The following statement gives the diseases for which the patients were admitted and the deaths among them :—

Name of Disease	Number treated	Deaths
Plague	186	95
Pneumonia	40	9
Perexia of uncertain origin	6	4
Small-pox	23	6
Other diseases	399	77
Total ..	654	191

Epidemic diseases Hospital Mysore.

The total number of patients admitted during the year was 477 against 648 in 1921 . Of these 229 were cured, 48 relieved, 84 discharged otherwise and 95 died the percentage of deaths to total admission being 19·70. The diseases for which cases were admitted and the deaths among them are shown below :—

Name of disease	Number admited	Deaths
Plague	16	9
Pneumonia	42	12
Phrexia of uncertain origin ..	3	3
Small-pox	4	2
Influenza	24	..
Other diseases	388	69
Total	477	95

Epidemic Diseases Hospital K. G. F.

This institution is under the management of the Sanitary Board, Kolar Gold Fields, and it afforded medical aid in 192 cases, of which 169 were cured and 15 died giving a percentage of 7·81 of deaths.

The leper Asylum, Bangalore.

There were 29 inmates (16 males and 13 females) at the beginning of the year under report and 61 (52 males, 7 females and 2 boys) were admitted during the year, thus making a total of 90 (68 males, 20 females and 2 boys) against 95 (77 males and 18 females) during the previous year.

Of the above 63 were discharged otherwise and 2 died leaving 25 (13 males, 11 females and 1 boy) at the close of the year.

The daily average strength of the Asylum during the year was 25·43 against 25·08 in the previous year

The percentage of total mortality to the number admitted was 2·39 against 11·08 in 1921.

Intravenous injections of Sodium Hydro carpate solution were tried in 25 selected cases and no encouraging results were obtained, (E. C. C. O.)Ethyl Esters of Hydrocarpus Wightiana oil with creasale and camphor Dr. Muirs latest treatment for Leprosy, is now being administered. In only one case an anaesthetic patch of the size of four anna bit reduced itself to the size of a pea. Further progress in this treatment is being watched.

The total cost of up keep of the Asylum during the year under report amounted to Rs. 7,559-4-5, against 8,067-7-0 in the previous year.

The subjoined table shows the details of expenditure during the year and of the previous year:—

	1922	1921
	Rs. a. p.	Rs. a. p.
Establishment	1,949 14 1	2,420 2 5
Dieting charges	3,881 14 0	4,241 10 5
Contingencies	1,727 8 4	1,405 10 2
Total	7,559 4 5	8,067 7 0

Lepers of the Civil and Military Station, Bangalore.

At the beginning of the year, there were 8 (4 males 3 females and 1 boy) and 37 (36 males and 1 female) were admitted during the year, thus making a total of 45 (40 males 4 females and 1 boy). Of the above 45 lepers, 35 were discharged during the year leaving 10 at its close.

The cost of maintenance claimed from the Civil and Military Station authorities during the year was 2,924-6-0, against 1,786-9-7 in the previous year.

The average cost per head per diem was 0-11-2 against 0-12-2 in the preceding year.

Medical Stores, Bangalore.

Mr. G. S. David, Surgeon, was in charge of the Medical Stores, throughout the year.

Two hundred and six annual indents and 1,102 extra indents were supplied during the year against 170 and 1,027 respectively in the previous year. As there was a large stock of Europe Medicines on hand towards the close of the previous year it was considered not necessary to draw up the Foreigen Indent in March, as usual. On account of the receipt of a large number of annual an extra indents, the stock ran cut earlier than was expected and forecast was prepared during the second half of the year, and comparative statement of the quotations received from Foreign and Indian Firms was sumitted to Government who were pleased to order the acceptance of the tender of the Boots Pure-Drug Co., Nottingham, in Government Order No. L. 4357-8 Med. 71-22-2, dated 15th December 1922. Pending the receipt of supplies from England, purchases had to be made from firms in India to meet the demands of institutions and such purchases were subsequently reported to Government and were accorded special sanction. Country medicines were as usual, purchased from the local contractors appointed by Government.

The bills paid during the year amounted to Rs. 1,22,811 against Rs. 2,08,099 in the previous year. Of the bills paid Rs. 1,00,136 represent the value of Europe Medicines and instruments, Rs. 9,158 that of country medicines and Rs. 13,517 of stationery and other articles purchased from the grants under local Fund Dispensaries.

The supplies made on credit to other departments, etc., amounted to Rs. 18,136 against Rs. 7,961 in the previous year and the amount adjusted was Rs. 11,188 against Rs. 9,118. Steps have been taken for the early adjustment of the outstanding bills.

The interest evinced by the Superintendent in closely watching the drug market and taking timely action for replacing drugs which went up in value by equally efficacious but cheaper ones, and otherwise securing to Government a reduction in the

cost of Europe Medicines to the extent of nearly Rs. 30,000 as detailed in my letter No. 1639-6 dated 21st May 1923 in another connection deserves special mention here.

The usual audit of the cash and accounts by the Senior Auditor of the Comptroller's office was done during April and May 1922 and the statement of objections duly returned with replies, suggestions regarding the rectification of defects being adopted as far as possible. The Stores and the office were inspected by the Senior Surgeon in December.

Inspections.

With the exception of the dispensaries at Shikarpur, Channagiri and Megarvalli in the Shimoga District, Chickballapur in the Kolar District, Tiptur, Pavagada and Huliyurdrug in the Tumkur District T.-Narasipur, Melkote and Krishnarajsagara in the Mysore District, and Sringeri and Attigundi in the Kadur District, all the other medical institutions were inspected by the District Medical Officers concerned. The Senior Surgeon himself inspected 111 Hospitals and Dispensaries.

General.

The facilities to pupil compounders was increased by making the training available in all District Head Quarter Hospitals and at Robertsonpet by Government Order No. L. 4705-6—Med. 94-21-2, dated 17th February 1922.

The enhance the usefulness of the Female Dispensaries in the District Head Quarters and important mofussil towns proposals were submitted to and sanctioned by Government in G. O. No. L. 6652-61—Med. 120-21-3. dated 12th May 1922, for locating these institutions in the same buildings in which the District Head Quarter Hospitals or the Local Fund Dispensaries for men are located.

In Government Order No. L. 7301-3—Med. 129-21-2, dated 13th June 1922 certain measures of retrenchment of expenditure in the department were sanctioned by Government among which may be mentioned the withdrawal of the Sub-Assistant Surgeon attached to the Head Quarter Medical Establishment, the abolition of the duty Allowance enjoyed by District Medical Officers for being in Sanitary Charge of the Districts, the reduction of the number of Pupil Sub-Assistant Surgeons' scholarships from 8 to 4 in the case of males and the abolition of sex allowance in the case of future lady Medical Officers entering service.

In Government Order No. 3886-3959—Med. 32-22-2, dated 25th November 1922, the different rates of fees for in-patients charged in different hospitals in the Bangalore and Mysore Cities and on the Kolar Gold Fields were done away with and a uniform scale of fees prescribed for all the institutions.

Of the changes in the personal of the Gazetted staff of the Department may be mentioned the termination of the services of Mr. S. N. S. Iyengar as Dentist of the Victoria Hospital, Bangalore, his resignation with effect from the 16th June 1922 being accepted in Government Order No. L. 766-7—132-21-2, dated 25th June 1922 and the appointment of Mr. V. V. Monteiro, M. B., B.S.. L.D.S., (Eng.)as Dentist, with the pay and prospects of a 1st grade Assistant Surgeon, as per Government Order No. L. 3818-19 Med. 56-22-2, dated 22nd November 1922.

Two Medical Graduates were entertained during the year *viz.*, Mr. A. B. Renu. M. B.. B.S.. (Bombay) from 1st January 1922, as sanctioned in Government Order No. L. 3793-4—Med. 36-21-18, dated 29th December 1921 and Mr. Mir Mirra Rama Rau, L. M. S., (Madras) from 11th March 1922, his appointment having been sanctioned in Government Order No. L. 4685-6—Med. 36-21-24, dated 16th February 1922.

The changes in the cadre of Sub-Assistant Surgeons were 16 appointments, of which 13 were by absorbing passed Medical Pupils of the local Medical School and 3 by entertaining fresh applicants with the sanction of Government in existing vacancies, 11 retirements, 3 resignations and 5 deaths.

Dr. H. B. Mylvaganam, F. R. C. S., (England) remained in charge of the Department throughout the year except in the month of May when he went on a month's privilege leave and I acted as Senior Surgeon from the 6th to the 31st of May 1922.

Bangalore,
24th July 1923.

B. Mahomedusmon,
Ag. *Senior Surgeon.*

STATEMENT A.

Showing the number of Hospitals and Dispensaries in the Mysore Province during the year 1922.

POPULATION OF THE PROVINCE 5,859,952.

Class of dispensary	Number open on 31st December	Number opened during the year	Number closed during the year	Number open on the last day of the year	Remarks
1	2	3	4	5	6
I. State-Public—					
(*a*) General, 1st and 2nd classes ..	18	...	...	18	
(*b*) Special, Maternity, Eye Hospital, Lunatic and Leper Asylums and Infectious Diseases Hospital ..	10			10	
II. State-Non-Public—					
(*a*) Jails ..	2			2	(*a*) Local Fund Dispensaries at Badagoli and Arakere.
(*b*) Sowar ..	2			2	
(*c*) D. P. W. ..					(*b*) Malnad improvement Dispensary, Attigundi and Female Dispensary, Tirthahalli.
Krishnarajasagara	1			1	
Sivasamudram ..	1			1	
Bethamangala ..	1			1	
Soldevanhalli ..	1			1	
(*d*) Industrial Iron works, Bhadravati	1			1	* This includes Herible Dispensary transferred from class III.
III. Local and Muni. Funds ..	142	(*a*) 2	(*b*) 2	142	
IV. Private—Aided ..	* 7	..	...	7	
V. Private—Non-aided	3	...	..	3	
VI. Railway	7	..	...	7

W.D.1958—G.P.B.—215—26 6-23.

ANNUAL REPORT OF THE LUNATIC ASYLUM, BANGALORE, FOR THE CALENDAR YEAR 1922.

This institution was in direct charge of Mr. G. S. David L. M. & S., till 9th August 1922, on which date he was relieved by Mr. F. Noronha, M. B. C. M., D. Psy. MED., who had returned from England after obtaining the diploma in Psychological Medicine.

STATEMENT I.

Deals with the population of the Asylum and with the disposal thereof during the period under report, with corresponding figures for the previous ten years.

The year opened with 168 inmates under treatment and with 137 admissions (including 2 re-admitted) the total number treated during the year was 305. Of these, 111 were discharged (79 cured, 32 otherwise and 23 died) leaving 171 under treatment at the close of the year. The corresponding figures of the previous year were 176 old cases, 136 admissions (312 total cases) 103 discharged (69 cured, 36 otherwise) 3 escapes and 38 deaths with 168 remaining at the close of the year. The daily average strength was 196·58 against 187·00 in 1921. The percentage of recoveries and deaths to daily average strength was 40·19 and 11·69 against 35·82 and 20·32 in the previous year. Compared with the admissions, the recoveries and deaths amounted to 57·36 per cent and 16·79 per cent, respectively, against 49·26 and 27·94 per cent in the previous year.

Of the 137 admissions the duration of insanity prior to admission was ascertained in 94 cases : of these, 32 were reported to have been insane for less than three months, 31 between three and six months, 15 between six and twelve months and 16 over one year.

Of the 79 recoveries, duration of the disease was known in 45 cases, 25 being within three months, 6 between three and six months, 7 between six and twelve months, and 7 upwards of a year.

STATEMENT—I-A.

Shows the number of cases admitted for observation and their disposal. At the beginning of the year there were 13 remaining and 102 were admitted making a total of 115 ; of these 75 were certified to be insane and admitted regularly ; 12 were removed by Magistrates before being reported, 19 were discharged as sane and 1 died, leaving 8 at the close of the year.

Their daily average strength was 13·41 against 12·98 in the previous year.

Combining I and I-A, there were in all 239 admissions (including 2 re-admissions), 152 discharges and 24 deaths, against 222 (including 2 re-admissions), 125 and 40 respectively, in the previous year and the daily average strength was 209·99 against 199·98 in 1921.

STATEMENT—II

Deals with the satistics of the criminal lunatics. The number that remained at the close of the year was 22 males and during the year under report 4 males were admitted making a total of 26 males. There were 8 discharges and no deaths, against 8 and 5 respectively, in the previous year, leaving 18 males at the close of the year.

Their daily average was 16·43 against 24·33 in the previous year.

Of the 4 admissions all were under trails classified according to following offences:—

One was charged under Section 380, I. P. C.
One was charged under Section 448, I. P. C.
One was charged under Sections 452, and 506, I. P. C.
One was charged under Section 302, I. P. C.

Of the 18 criminals that remained at the close of the year. 16 were under trials, and 2 convicts.

The offences with which they were charged are:—

	Section.		No.
Theft in dwelling house	380	I.P.C.	1
Lurking in house trespass	457 & 380	,,	2
Theft	379	,,	1
House trespass	457	,,	1
Murder	302	,,	4
Culpable homicide not amounting to murder.	304	,,	2
Voluntarily causing hurt	324		1
Attempt to commit suicide	309		3
Using criminal force and intend to assault.	352 & 504		1
Fraudulent cancellation and destruction of a Will.	426 & 457		1
House trespass made after preparation for causing hurt.	506 & 452		1
		Total	18

Statement III.

Shows the sex, residence and religion of those admitted during the year under report.

Of the 137 admissions, 99 or 73·26 per cent were males and 38 or 27·74 per cent, were females. Eighty-seven belonged to the Mysore State, 25 to the Civil and Military Station, Bangalore, 12 to other British Indian Provinces, 4 to other Indian States. The residence of 9 could not be ascertained. Of the 87 Mysoreans, 49 came from Bangalore District, 14 from Mysore, 11 from Kolar, 1 from Shimoga, 5 from Tumkur, 1 from Chitaldrug, 2 from Hassan and 4 from Kadur. The Hindus who numbered 105 or 76·64 per cent formed as usual the majority, Christians formed 22 or 16·06 per cent, while Mahomedans numbered 10 or 73 per cent.

Statement IV.

Shows the occupation of the patients admitted during the year.

Of the 137 admissions, 115 had some occupation or other, 16 had no occupation whatever, while in the case of 6, occupation could not be ascertained.

Statement V.

Shows the ages of patients admitted during the year.

As usual the largest number 92 or 67·15 per cent were between twenty and forty years of age, 19 or 13·96 per cent between forty and sixty years of age, 6 or 4. 39 per cent over sixty years of age.

Statement VI.

Shows the different types of insanity present in the patients admitted.

Five were of different maniacal forms of insanity; 14 came under delusional insanity, 12 were suffering from dementia, 10 were suffering melancholia, 10 from insanity of haschisch, 9 from insanity due to other causes, 8 from post-febrile insanity, 6 from idiocy, 4 from alcholic insanity, 1 from mental stupor, 1 from myxœdema, while 3 vet to be diagnosed and 1 from general paralysis of the insane.

Of the 111 discharges, the types of insanity were as follows :—

	No.
Maniacal forms	52
Melancholia	11
Delusional Insanity	13
Insanity from other causes	9
Haschisch	8
Dementia	5
Post febrile	4
Alcoholic	3
Mental stupor	1
Idiocy	2
Obsessive	1
N. Y. D.	2
Total	111

The 23 cases that died came under the following types :—

	No
Idiocy	2
Maniacal forms	8
Melancholia	1
Moral Insanity	1
Post febrile	2
Confusional	1
Other causes	1
General Paralysis of the insane	2
Dementia	5
Total	23

Of the 171 that remained at the close of the year, 8 came under Idiocy, 61 under mania of all forms, 14 under melancholia of all forms, 1 under circular insanity, 2 under mental stupor, 25 under delusional insanity, 2 under post febrile insanity, 8 under haschisch, 6 under other causes, 2 under confusional insanity, 36 under demential of all forms, 3 under moral insanity, 1 under alcoholic. 1 under Myxaœdema and 1 under N. Y. D.

Statement VII.

Shows the Aetiological factors and associated coditions in the patients admitted during the year.

Among the 137 admissions, both predisposing and exciting causes were known in 67 cases, predisposing alone in 34 cases exciting alone in 14 cases, and in 22 cases no cause was known. Among the chief predisposing causes, previous attack contributed 25, conjenital mental defect, 14 and moral deficiency 11.

Among the chief exciting causes, ganja smoking 15, alcohol 8 and fever 6.

Statement VIII.

Shows the details of expenditure which came to Rs. 60,849-13-7 against Rs. 60,756-5-2 in the previous year.

Statement IX.

Shows the scale of establishment on the 31st December 1922 which was the same as that of the previous year

Statement X.

Shows the expenditure and receipts under " Manufacture " and " Gardening. " The daily average number of inmates employed on remunerative labour was 12·01 (on weaving 6·06 and on gardening 5·05), out of the daily average strength of 196·58. Such of the others as were able to do light work were employed in helping in the kitchen, laundry and in keeping the premises clean.

The expenditure under " Manufacture " of cloth came to Rs. 1,191-1-5 ; under gardening Rs. 323-3-8 and in all to Rs. 1,514-5-1. The receipts under the heads are

Rs. 1,357-6-3 and Rs. 451-12-4 respectively, in all Rs. 1,809-2-9, showing a net profit of Rs. 294-13-8 against Rs. 344-1-0 in the previous year.

Sanitation of the Asylum and the Health of the Inmates.

The maximum number of lunatics confined on any one night was (140 males and 60 females). The capacity of the cells and enclosures remained the same as in the previous year, *i.e.*, 450 c.ft. per head.

The usual colour and whitewashing and sundry repairs during the year were done by the Public Works Department. The accommodation was enough for the male and female inmates but it was not of the right sort.

The number of inmates treated during the year for physical diseases was 75 giving a daily average of 5·98 against 7·29 in the previous year.

The principal diseases for which they were treated were :—

	No.		No.
Dysentery	25	Valvular diseases of the heart	1
General debility	8	Other respiratory diseases	10
Rheumatism	2	Diarrhoea	5
Syphilis (G. P. I.)	2	Malaria	3
Relapsing fever	3	Delirium Tremens	1
Other fevers	2	Epilepsy	5
Pneumonia	1	Other diseases	7
		Total	75

There were 24 deaths during the year of which one was among those admitted for observation, and the rest among the regular inmates. Ten were among the new admissions of the year, 5 deaths occurred among those aged fifty years and above, 7 between twenty and forty, 8 between forty and fifty and 3 under twenty years of age.

The causes of deaths during the year were.—

	No.
Dysentery	9
Epilepsy	2
General debility	4
G. P. I.	2
Phyticis	2
Valvular disease of the heart	1
Diarrhoea	2
Delirium Tremens	1
Total	23

Only four *post mortem* examinations of patients were held during the year, as most of the bodies were handed over to the relatives whose sentiment had to be respected.

Private patients.—At the beginning of the year there were 6 (4 males and 2 females) and 19 (14 males and 5 females) were admitted during the year, making a total of 25 (18 males and 7 females). Of these, 9 (6 males and 3 females) were discharged leaving 16 (12 males and 4 females) at the close of the year. A sum of Rs. 3,934-7-9 was recovered from their relatives and Rs. 2,307-8-5 was remitted to the Treasury, deducting the wages, etc., paid to the respective private servants, a balance of Rs. 102-0-0 was remaining on hand at the close of the year.

The Lunatics of the Civil and Military Station, Bangalore.

At the beginning of the year there were 42 (21 males and 21 females) and 35 (22 males and 13 females) were admitted during the year, making a total of 77 (43 males and 34 females); of these, 26 (16 males and 10 females) were discharged during the year and 3 (2 males and 1 female) died, leaving 48 (25 males and 23 females) at the close of the year.

The cost of their maintenance came to Rs. 12,368-15-6 against Rs. 11,552-15-9 of the previous year.

Inspections.—The official visitors of the Mysore State and those of the Civil and Military Station, Bangalore, visited 12 times during the year. The Senior Surgeon visited the Institution twice.

Periodical treats and entertainments were given as usual on festive days; fruits and sweets were distributed occasionally. Betel leaves, snuff and tobacco were daily distributed among those accustomed to use them and every attempt was made to keep the inmates happy. A football was purchased out of the donation given by a visitor and is used by the juvenile patient every morning. Kannada and English newspapers and pamphlets are distributed every morning to those that are able and willing to read. The Century Club have generously offered a gift of three packets of playing cards every month; for the use of the patients.

Changes in the staff.—Mr. S. M. Powar, II Class Sub-Assistant Surgeon, was posted in the place of Mr. V. Govindarajulu Naidu. Matron Mrs. M. Louis who was on temporary transfer to Kolar Gold Fields, was relieved by Nurse Florina Prasad of the Epidemic Disease Hospital, who worked as Acting Matron from 21st August 1922 to 25th December 1922. The work turned out by the staff was quite satisfactory.

General Remarks.

The treatment of insanity has undergone a revolution during the last quarter of a century and every institution for the insane is now conducted on the lines of a first rate Modern Hospital and what were known as "Lunatic Asylums" in days gone by are now rightly designated "Mental Hospitals." Unless this institution is brought up to date in construction, equipment, and personal, the benefit to the community under the existing conditions may be said to be infinitesimal.

Md. USMON,
Ag. Senior Surgeon.

Bangalore,
Dated 24th May 1923.
